New Marketplace Releases

Introducing Maple AI: 24/7 AI Phone Answering & Ordering for SkyTab POS

Shift4 welcomes Maple AI to the Marketplace—a fully automated voice agent purpose-built for restaurants.

- **Intelligent AI voice assistant** that answers every call, takes orders, books reservations, routes delivery requests, and handles payments—24/7.
- **AI-powered phone answering** with natural, human-sounding voice AI.
- **Real-time SkyTab POS sync** for accurate menu, pricing, and availability.
- **Phone ordering with payments** supporting modifiers, special instructions, and secure Shift4 phone payments.
- **Reservation management** with direct OpenTable integration.
- **Smart handoff to staff** for complex requests.
- **Intelligent FAQs** for common questions (hours, location, etc.).
- **Coming Soon:** Waitlist integration.
